Otis Ridge Ski Area

HOME SCHOOL SKI PROGRAM 2019 OVERVIEW

Otis Ridge Come and ski the friendly, family area of the Berkshires. At Otis Ridge you will find the facilities of a larger area, yet we're small enough to be personal. Our snowmaking equipment adds to what mother nature provides and our northeastern exposure protects our cover.

While Otis Ridge welcomes beginner skiers and provides an excellent atmosphere for the first time and novice skiers, we are equally proud of the variety of terrain. Our beginner trails stroll out and around a small headwall. Skiers of all abilities and ages will find something to please and challenge them.

Otis Ridge has a bright lodge at the base of its mountain with a wood-fire stove, picnic tables, and a cafeteria/snack bar. You can see the bottom of the pony hill, slalom, and the chair lift from the lodge.

Ski School Learning to ski or ride is fun. That's how it should be and that's how we make it. Our excellent ski school has provided group programs and private instruction for over fifty years. The American Teaching System is used to speed up the learning process and give you the "Otis Edge"!
