

2021-2022 SNOW SPORTS PROGRAM AT OTIS RIDGE SKI AREA

Join your friends again this year at Otis Ridge Ski Area for a six week ski/ride program on Thursday evenings from 4:00-9:00 PM for students **age 6** and up and their families. Lessons are from 6:00-7:30 for weeks 1 and 2, from 6:00-7:00 for weeks 3 thru 5. Week 6 is an open ski night with no ski lessons. Lessons start promptly at 6P so if you are renting equipment, give yourself at least 45 minutes to get ready before class time. The program will run from Thursday Jan 6, 2022 thru February 10. Adults – you are welcome to participate in the lesson program if space allows (our capacity is limited this year because of COVID and the kids get priority) but keep in mind that the lessons are geared to children and there are no separate adult classes.

LIFT ONLY	\$ 80	\$ 90

Registration will open on 10/25 and will remain open until 12/5 or until classes are full, whichever comes first.

COVID has changed our world in many ways and the school programs will not be the same as they have in the past, although we are hoping that the restrictions this year will not be as stringent as last. We have had to make some difficult decisions in our commitment to keep everybody as safe as possible. Be sure that you take time to read our on-line COVID statement before you register and are sure that you are going to be able to adhere to our requirements and that your children meet the guidelines for participation.

Our mantra for this year – DON'T BE THE REASON TO END OUR SEASON

Free Beginners' Day is tentatively scheduled for Saturday, December 11. The free lessons are for level 1 and 2 skiers age 6 and up, boarders age 8 and up and are **BY RESERVATION ONLY**. Classes will start promptly at 10:00, 11:30 and 1:00.

We plan to hold our pre-season teaching clinic on Saturday Dec 18. If you are age 16 or older and at least an intermediate skier/boarder interested in teaching, please let us know. No teaching experience is necessary but the clinic is mandatory for new instructors and recommended for those of you who are returning. Any questions please feel free to call us 413/269-4444 and leave a message or email skischool@otisridge.com.

SCHOOL PROGRAMS – COVID GUIDELINES 2021-2022

We will follow all guidelines/mandates from the state/CDC/local BOH – as these change so may our policies. There are sanitizer stations throughout all buildings. All buildings will be fogged every night.

Masks that cover your nose and mouth are mandatory for everybody over 2 inside all buildings – NO EXCEPTIONS – except when you are seated at a table actively eating/drinking. Having a drink you are sipping or a bag of snacks you are grazing does not count.

There may once again be reduced occupancy in all buildings. If that is the case, it will take longer to get through the rental shop on program days. Depending on the limitations of lodge space, you may not be able to claim a table in the lodge for your family and hang out.

Instructors will be able to ride the lift with their students. However, we cannot ask random adults/older kids to ride as helpers for students who need it. At the moment it does not seem that there will be restrictions for people who choose to ride together.

Everybody must be bathroom independent, able to get dressed and undressed without help.

A big part of keeping everybody safe will fall on you. We will do everything we can do to have procedures in place to keep our guests and staff safe – but we can't do it alone. You may or may not agree with COVID restrictions and that is your right. However, when you are on Ridge property we ask that you respect our policies and guidelines. Be patient, be kind while we navigate a different world and we can all enjoy another ski season, albeit a bit different than in the past.

Our mantra for this year –

DON'T BE THE REASON TO END OUR SEASON

YOUR RESPONSIBILITY CODE

Skiing and snowboarding can be enjoyed in many ways. At areas, you may see people using alpine skis, snowboards, telemark skis, cross country skis, and other specialized equipment, such as that used by the disabled. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below, and share with other skiers and riders the responsibility for a great skiing experience.

- Always stay in control, and be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.
- You must not stop where you obstruct a trail, or are not visible from above.
- Whenever starting downhill or merging into a trail, look uphill and yield to others.
- Always use devices to help prevent runaway equipment.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

Know the code. It's your responsibility.

Note* This is a partial list. Be safety conscious.
